

JollyPEPE (JPEPE)

White Paper

Introduction

JollyPEPE is a meme coin inspired by the combination of Jollibee mascot and cultural icon Pepe the Frog, aiming to create a fun and interactive community within the crypto space. Unlike traditional cryptocurrencies that focus solely on financial transactions, JollyPEPE embraces the lighter side of crypto with memes, games, charities, scholarship programs and community events, all while offering a solid investment opportunity through innovative tokenomics.

Token Overview

Token Name:	JollyPEPE
Symbol:	JPEPE
Decimal:	18
Total Supply:	1,000,000,000
Network:	Binance Smart Chain

Tokenomics

The JollyPEPE tokenomics are carefully structured to ensure a balanced and sustainable ecosystem. Here is the detailed distribution of the 1,000,000,000 JPEPE tokens:

Token Sale (45%) - Total Allocation of 450,000,000 JPEPE to fund the initial development, marketing and mostly the Liquidity Pool. With a vesting period and mechanism, 50% of sold tokens will be gradually released to ensure market stability and long-term growth.

Liquidity Pool (30%) - Total Allocation of 300,000,000 JPEPE to provide sufficient liquidity on decentralized exchanges, ensuring smooth trading and price stability. With the management holdings locked in a secure smart contract to guarantee availability and transparency.

Marketing (10%) - Total Allocation of 100,000,000 JPEPE to promote JollyPEPE through various channels, including social media campaigns, partnerships, influencer endorsements, airdrops and community events. Strategy: Aggressive marketing to build brand recognition and attract a robust user base.

Ecosystem Fund (10%) - Total Allocation of 100,000,000 JPEPE to support the development and expansion of the JollyPEPE ecosystem, including new features, partnerships, and more application developments. Utilization: Managed by the core team with input from the community to fund innovative projects and initiatives.

Team and Advisors (5%) - Total Allocation of 50,000,000 JPEPE to reward the team and advisors who contribute to the development and success of JollyPEPE. With a vesting period to align with long-term project goals and team commitment.
